

NewGen ISS Implementation in BSP Netherlands

Dear Customer,

Following the previous communication sent on 16 August 2019 about the NewGen ISS Implementation in Netherlands, kindly be advised that the go-live of NewGen ISS in BSP Netherlands, previously planned for 16 September 2019, has been postponed.

The revised NewGen ISS implementation date will be 01 November 2019.

All Agents will be notified of their Risk Status and Remittance Holding Capacity thirty days in advance of this new go-live date.

Please take note of the abovementioned delay, and ensure it is communicated as applicable within your organization

We apologize for any inconvenience caused, and please feel free to get in touch with us for any further details.
